Fax: 650-566-8863

The Asian Liver Center at Stanford University was established in 1996 by Dr. Samuel So to address the particular risks and treatment of liver disease in Asians and Asian Americans. The mission of the Asian Liver Center is to eliminate hepatitis B and liver cancer as a major health problem in Asian and Pacific Islander communities worldwide. The four main supported programs of the Asian Liver Center are: 1) Outreach and education; 2) Research; 3) Adopt an Intern; and 4) the Asia and Pacific Alliance to Eliminate Viral Hepatitis (APAVH).

The Asian Liver Center is a non-profit organization funded by private donations. Gifts to support the center will accelerate our community educational efforts and research efforts to find new treatments, methods of prevention, and perhaps someday, a cure for liver disease and cancer.

To make a donation to the Asian Liver Center:

- 1) Make check payable to "Stanford University"
- 2) In the memo line, write "Asian Liver Center"
- 3) Mail this form and your check to:
Asian Liver Center at Stanford University
490 S. California Ave, Suite 300
Palo Alto, CA 94306-1988
